RAVENCOIN ASIA 2019 FLY, THE TOKENIZATION, KAW

2019. 09. 20. SEOUL, KOREA

WHAT IS VINSENT?

Vinsent is a Direct-to-Consumer (DtC) blockchain based (RVN) marketplace that enables wineries and wine lovers to connect directly, and to sell and buy wine.

Vinsent

THE WINE MARKET

\$300B+ Global wine market

\$30B Global fine wine
(\$20+) market

50K+ Wineries across the
world

WHY BLOCKCHAIN?

TOKENIZING WINE ALLOWS WINERIES AND CONSUMERS TO:

- Trace it down the chain
- Authenticate it is genuine
- Trade it in a secure & easy way

* 20% of wines purchased estimated to be “fake-wine,” exposing consumers to fraud and lost revenue for winery (Sources: [EY WINE MARKET REPORT](#))
